Introduction

In order to get clinical guidance, patients will be able to upload their information on the Electronic health records, to seek the doctor's opinion.

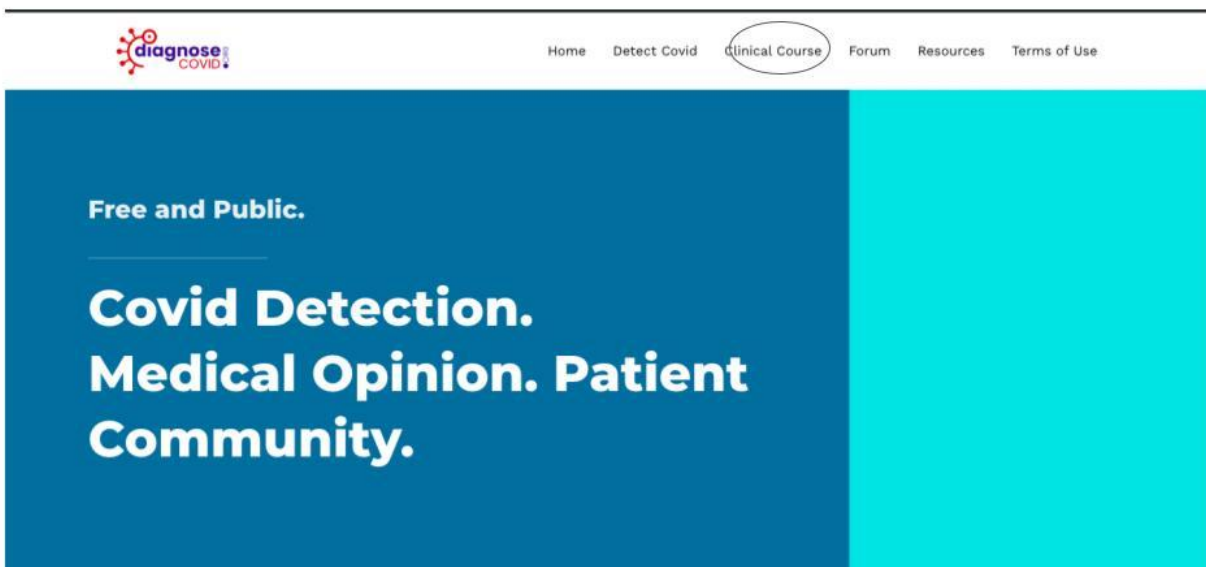

<u>Fields</u>	<u>Mandatory</u>
<u>Name</u>	<u>Y</u>
<u>Mobile Number.</u>	<u>Y</u>
<u>Pin Code.</u>	<u>N</u>
<u>Symptoms.</u>	<u>Y</u>
<u>Gender</u>	<u>Y</u>

The reason for keeping these fields mandatory is so that doctors can get in touch with the patients.

Accessing the Page

- For accessing the clinical course page, users can visit diagnosecovid.org, and click on the 'Detect Covid' button. Alternatively, users can go to <https://diagnosecovid.org/clinical-course/> to access the page directly.

Filling Up Information

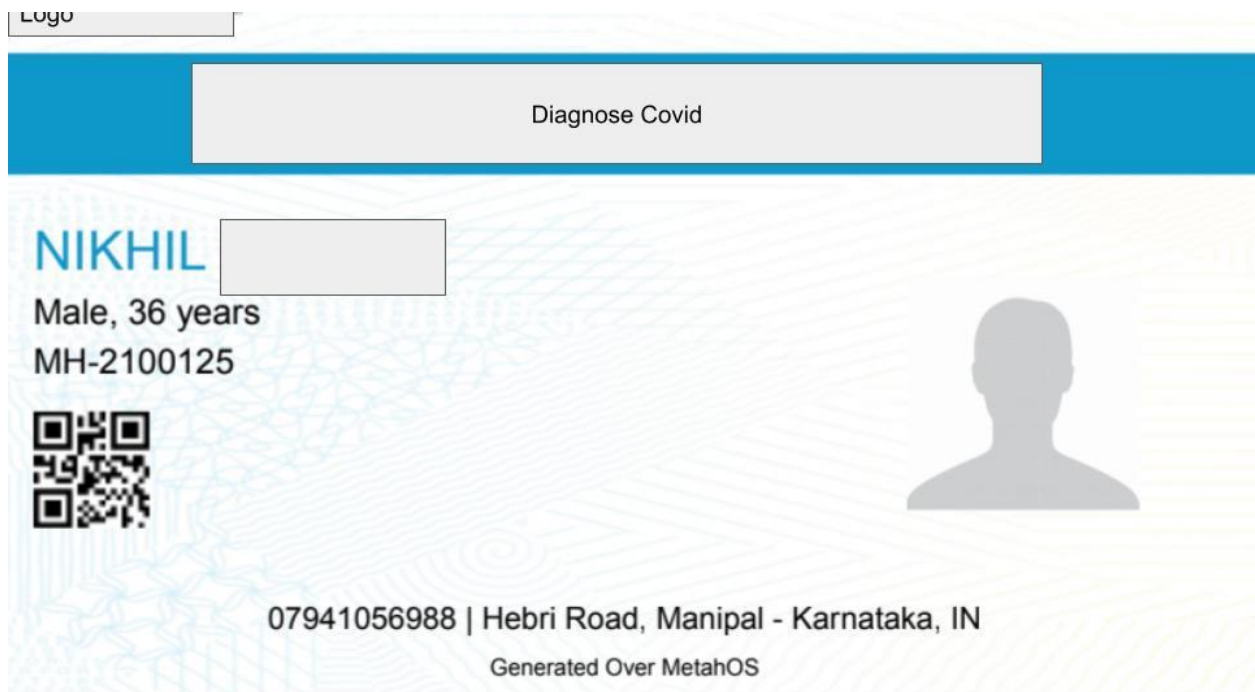

- Once users are on the page, they will see the screen below.

- Here users will be able to hover over this image and scroll through it.
- After filling up this information, they will be able to send out all of their information.

Health Card

On successfully making the registration, you will receive a SMS/WhatsApp notification with a health card. This will include a Unique identifier, which can be used over time.

Clinical Guidance: Information

Once the doctor has received the information and written his/her thoughts down on the notepad, the patient will receive the notepad on the registered number.
